Dear Honorable Judge Jeffrey Streitfeld:

I am writing to you today with regards to my children's college funds that were tied up in the Madoff Investments. Unfortunately, I had to make other arrangements to pay for their college education and living expenses.

I oppose to paying any fees not authorized by the partnership and I would greatly appreciate for the conservator to distribute proceeds as soon as possible so the funds won't all be lost on the unnecessary professional fees.

I am thanking you in advance for your consideration.

How wonderful that someone is finally willing to pay attention to this situation.

Considering the length of time that has gone by, it seems to me that it is time for the distribution of the general partnership funds of S & P and P&S associates to the rightful owners. The fees by the assigned conservator seem tremendously high to me.

Your prompt attention to this important matter will be deeply appreciated by all of us, I am sure. This has been devastating to those of us that lost everything in this horrible experience.

Dear Judge Streitfeld:

I appreciate the time and effort you are giving the matter regarding victims of this fraud.

I am 85 years of age and living on a fixed income. The money taken from me is my life savings. The money I was counting on to live independent for as long as I am able and then to help care for me when I can no longer take care of myself.

The fees seem excessive for the amount of time set aside to distribute the funds.

Your prompt attention to this action will be greatly appreciated.

Sub: S&P General Partnership Fund Distribution; Madoff Victimization.

Dear and Honorable Judge Streitfeld:

We are writing to you, and the Court, with hearts in hand, as we appeal to you and your better nature, to please, please, favor us with a decision that will rightfully return some of our lifetime investment that we made in S&P, and lost in the Madoff tragedy.

As the payment of legal fees were being authorized by the Federal Bankruptcy Court to the Madoff Trustee and his firm, we, the victims, were feeling "victimized", again, with yet another failure to be heard by the Court as to our rightful claim to security investment insurance funds (SIPC/ SEC). Now that there appears to be a partial settlement to S&P partners by the Trustee and The Federal Bankruptcy Court, we again find ourselves (partners, investors) having to assume exorbitant legal fees, just to distribute the funds to which we are entitled.

My wife and I are 74 and 75 years of age, have had our house on the very poor real estate market for 4 years (my wife knows the market as she is still a full time Realtor in a very bad economy) and are in desperate need of the funds we invested in S&P, to make up for the shortfall, after our meager Social Security, and the scant earnings of my wife. We pray you and your wife/family never have to face the probability of bankruptcy as you achieve our age....it is frightening, indeed!!!

The Madoff tragedy is in it's 5th year of not being settled to anyone's satisfaction, and we suspect the grieving period for the victims will continue through another 5 years, at least, as their investments continue to be eroded by "opportunistic legal fees", and unnecessary delays in the legal system. As our only hope depends upon your decision as to the rightful distribution of the funds to S&P, we pray you will render an " amicable" decision, for the good of all.

Sincerely yours,

Dear Judge Streitfeld,

I am one of the almost committed suicide victims of the Madoff fiasco. I invested my life savings in P & S Associates, so that I could retire with some comfort. Now, at age 75, I have nothing, having lost it all in Madoff's Ponzi scheme.

Last year, I was informed that there was some kind of settlement, and that I would be receiving some desperately needed income by the end of the year. Then, from nowhere, I started getting reams of legal documents and lawyer and accountant letters stating that other people wanted to take over P & S and start lawsuits, etc. in the guise of getting more money for the partners. I vehemently opposed this delay of the distribution, assuming that all that was going to happen was that new lawyers and accountants were going to deplete the agreed upon distribution.

My worst fears have now come true. It has come to my attention that the new-to-the case professionals want to deplete the distribution by more than a half a million dollars! My God, the distribution had already been negotiated with Picard. All that was left to determine was the distribution method. Why is it necessary for these newly appeared professionals to take life-saving dollars out of my pocket? Why????? I am told that not only are the fees exorbitant, but there is a question of whether they are authorized by the partnership. And, all this is happening after the victims have suffered so much. When is it going to end. Please, no more victim suffering. We've had enough.

I respectfully request that the Judge carefully review the exorbitant, and possibly, unauthorized fees that are being requested in this case, and that the distribution take place as soon as possible.

Your Honor, thank you for your consideration in this matter.

Re: S&P/P&S Partnerships/Recovery of funds from Madoff crime.

Your Honor,

My mother and I are individual partners in S&P Partners.

As you know, a conservator was appointed by the court – with the express purpose of winding down the partnership and distributing all available funds to us, the partners, the ones who were victimized by Madoff in the first place.

We recently learned that this conservator is requesting payment of \$165,000 in “unauthorized fees.” This amount is in addition to the \$400,000 that he and his attorney anticipate receiving for their “services” as rendered over perhaps a year’s time.

These amounts seem excessive – especially since they would be paid out of the funds made available to provide *partial* restitution to the partners.

Your Honor, I implore you to consider the fact that we partners have been abused, cheated and altogether victimized since 2008, when this nightmare was uncovered. For many of us, our lives have changed irrevocably. Some, like my father, lost their lives because (in large part, I truly believe it) of the pressure and angst that this sordid business has caused. At this point, we want desperately to see this horrid episode come to a conclusion.

With greatest respect, Judge Streitfeld, I am writing to oppose the payment of any fees to the conservator that are not authorized by the partnership. Likewise, I am expressing my most earnest wish that all available funds/proceeds be distributed to the partners as soon as possible. My concern is that we victims would otherwise fall victim yet again.

Along with my mother, I thank you for your consideration with utmost sincerity.

Your Honor,

I am writing as an S&P/P&S partner.

I recently learned that the court-appointed conservator -- who is supposed to wind down the partnership and distribute all funds posthaste to the victimized (by Madoff) partners -- has requested payment of some \$165,000 in "unauthorized fees." This amount is in addition to the \$400,000 that he and his attorney are already scheduled to receive for services rendered (over the course of less than one year).

Judge Streitfeld,

The purpose of this letter is to express our opposition to more money to be given to professionals for unauthorized fees.

My husband and I are victims of the Madoff Ponzi fraud and are partners with S & P and P & S Associates, General Partnerships. We feel we were not only duped by Bernard Madoff, but feel we were initially drawn into investing our money after a not-completely honest presentation by Greg Powell, the brother of a friend and one of the original managing partners.

We were led to believe that there was nothing to worry about, that our money was being invested by this really sharp person in New York who knew the right time to buy or sell in the stock market. We were guaranteed an unbelievable percentage of interest on our money. In mid-year of 2008, we could not understand how, when we were receiving statements still revealing a high profit, everyone around was losing money.

My husband worked long hours at a paper mill, working shift work to earn his money. This loss of our anticipated retirement money has caused great hardship for our family and unnecessary stress. It has cost us a friendship that we are still trying to forget and move on, and I feel that the tremendous stress surrounding this Madoff fraud has contributed to a brain hemorrhage that I suffered the following year. I am fine now, but it could have been fatal.

Judge, please consider, if these professionals are given the staggering amount of money that they are requesting, money for unnecessary and unauthorized fees, money will be taken away from Madoff's victims, money that is rightfully theirs. Please don't let us be victims again.

Thank you for your consideration in this important matter.

As a investor in SP&J which is a partner of S&P, I urge you to over see these charges to ensure that my husband and I don't yet again become victims by parties taking advantage and charging fees that are too generous. Please be aware that there are more victims than appear, due to the fact that as a partner of SP&J we do not receive any details as to what is going on with the partnership of S&P. I don't know how many partners are in SP&J. I only know about these activities due to a family member who is a partner in S&P. I can only pray that as this horrible mess concludes my husband and I might see a portion of the \$ 235,000.00 that we invested in 2007. Re: S&P and P&S Associates, General Partnership

Dear Judge Streitfeld:

I am a partner in S&P and P&S Associates, General Partnership (victims of the Madoff debacle). I understand that fees are being paid to Berger Singerman and Glass Ratner. For your information, to my knowledge, neither of these entities have ever done work for S&P or P&S. Therefore, I strongly object to any fees being paid, or even contemplating being paid, to anyone not properly authorized by the partnership to receive such fees.

Please do not add additional monetary hardships to the partners by delaying the distribution of funds. I believe the conservators in charge of the funds should distribute the funds as soon as possible, so more funds are not lost on willful and unnecessary fees. We are already suffering the effects of the severe loss of retirement savings, forcing some of the more senior (age-related) partners to return to work full-time. Me, included. Thank you for your just consideration in this matter.

Very truly yours,
